Interview with Manager of Pharmasave, Jasmine Kravanya (J) – Interviewed by: Niki Nagy (N), Marketing & Events Coordinator at Weyburn Tourism:

(N): How is Weyburn's Pharmasave different from any other?

(J): Well, first and foremost we really take pride in providing our customers with excellent service. We are staffed with the most friendly, hardworking, and fun loving people! We also offer a wide selection of very unique products. We are always on the lookout for what is trending and taking customer requests.

(N): What are your best-selling products that people come to Pharmasave for?

(J): We started carrying more local jewelry artists such as Shelley Lueck Jewelry and CarMa Spoon Rings and Things and the response has been phenomenal. People are loving the one of a kind pieces. Essential Oils continue to be top sellers and many people are loving that we brought in the Young Living brand.

(N): You guys currently got a Pharmasave Rewards card, tell us more about that and how we can get one?

(J): It's very easy, one of our lovely cashiers can sign you up at the till. The card is free and you collect points to redeem as cash towards store purchases. We have days that are double or triple the points so keep your eyes peeled!

(N): I've heard you have a weight loss clinic within your store?

(J): Yes, we carry Ideal Protein and Sheryl our Coach has been seeing amazing results already this year with her clients. You don't have to be on the program to purchase some of the products for healthy snacks or lunches. We actually encourage people who are interested to try some of the delicious food. Anyone that would like more information can set up a free consultation with Sheryl by emailing pharmasave416@gmail.com.

(N): Do you have any future plans for the Pharmasave for 2016 that you are willing to share?

(J): We have been working hard at changing the store around to make it easier to shop for our customers and have been getting great feedback about our changes. If you haven't already, come down and check us out!
